

It's Time to Get Connected...
To Your New *Glencoe Texas Mathematics*
Online Textbook for 5th Grade PACE

1. Log on to the internet and go to <http://tx.msmath1.com>
2. Select **Teacher Center** and **Enter**.
3. Click **Online Student Edition**.
4. Again, select **Online Student Edition**. You will be routed to www.mhln.com our Learning Network.
5. Select **Become a Registered Member**.
6. Select **Teacher** from the drop down box and click on **Register**.
7. Complete the required fields marked by an asterisk.
8. It will ask you to choose a member name and password. Your member name and password will be your log-on after this session. Use something easy for you to remember! Make sure you check the box to accept The McGraw-Hill Companies Terms of Use.

Record it here: **username** _____ **password** _____

9. Click **Register**. You will be sent a welcome email.

Get your Class Connected to the Online Student Edition

1. Click on Set Up A Class under the green text on the right, **Create a Class**
2. Name your class, ie, “Math6,” or whatever name makes sense for your class. If you teach more than one level, or need separate classes, you will have to repeat the following steps for each class.
3. Drop down to the grade level.
4. Enter your school’s zip code.
5. Create a “Class Code”. **Make this something easy to remember for you, your students and their parents.** This is what Students/Parents will use to log-in at home to access their books. It might be your last name, or a school mascot. (letter & numbers only...NO Spaces or Characters)

Record here: _____

6. Enter your Content Key in “STEP 3 (Optional)”.
Master Content Key*: Course 1 Master Content Key: 1018118C1
7. Select your school name (or **Add school to the list** if not already there.)
8. Confirm class setup. Click **previous** if you need to edit something, or **done** if correct.
9. On the next screen, select **Your New Class** (or click the **Class Page** button).
10. Under **Class List** select the class you have just named in order to assign content to that class.

You have now set up the class so that students can log onto their books at home.

The next page is instructions that you can print out to send home with the students or give to parents in order to access their online resources and text from home! Don’t forget to type in the class code you created before you make copies for students!

Problems? Contact our software support at 1-888-393-9090.
