

## CHEMICAL ABUSE PREVENTION PROGRAM HEALTH LESSONS

As part of LISD's health goals and state health TEKS, Kindergarten through Fifth grade students will learn drug awareness and refusal skills in their health/physical education class twice a year. Kindergarten through fourth grade curriculum addresses the topics of tobacco and alcohol use. While the Fifth grade curriculum addresses marijuana and inhalant use. Listed below are the videos used as part of the presentation. Additional information and follow-up discussion questions for parents can be found on the LISD district website under the Student Academic Services tap and Safe and Drug-Free School link or at [http://www.leanderisd.org/docs/1-CAPP\\_elem1011.pdf](http://www.leanderisd.org/docs/1-CAPP_elem1011.pdf) or <http://www.leanderisd.org/default.aspx?name=acad.ss.safe.drugfree> click on Alcohol, Tobacco, and other Drug (ATOD) Education through elementary health classes.
